- **Hardware:** computer set up and memory installation.
- **Software:** word processing (Microsoft word), Excel, multimedia presentation and data analysis.

### **TEACHING EXPERIENCE:**

I teach:

- Basic histological techniques.
- Histochemistry.
- Enzyme-histochemistry.
- Immuno-histochemistry.
- Molecular pathology
- General Pathology.
- General Histology.
- Molecular biology.
- Cytology.
- Basic Immunology

## **PUBLICATIONS:**

- Comparison 10% neutral buffered formalin and carnoys as routine fixatives *oman med J* **2009**.
- Lecture notes on: routine histological techniques **2015(Text book)**. ISBN: 978-99942-4-029-6.
- Demonstration of collagen fibers using geimsa stain. Ziyad mudasir Salma Adil and Ahmed Ibn Edriss Lambert academic publishing **2017**, ISBN:978-3-330-07593-1. **(Text book)**
- Diagnostic Performance of Zhiel Nelssen, Flourescent Auramine O Stains and Genexpert for Detection of Mycobacterium Tuberculosis. *J. of dental and medical sciences (IOSR-JDMS)*.ISSN:2279-0853. V-17. **Feb 2018**.

### **Under publication**

- Cons Histochemistry. **(Text book)**
- Myeloproliferative disorders (Haematological & Histopathological review.) **(Text book)**
- Optimizing Early Detection of Prostate Cancer in Sudan Using IHC Tumor marker.**(Research)**.

## **SUPERVISSION:**

1. Assessment of Urine Cytological Changes in diabetic patients **2011**
2. Effects of Toombak on oral mucosa. White Nile State (Kosti) **2011**
3. Effects of Benzene on respiratory epithelium. **2011**
4. Urine Cytological Changes associated with Renal Failure **2012**
5. Study of Cytomorphological Pattern of Urine in Cigarettes Smokers **2012**
6. The cytological patterns of sputum in asthmatic patient **2012**
7. Effects of Alcohol on oral mucosa. White Nile State (Kosti) **2013**
8. Effects of T.B on respiratory epithelium. **2013.**
9. Evaluation of connective tissue fibers in appendisities.**2013.**
- 10.Urine Cytological Changes associated with Schistosoma **2014**
- 11.Comparison between Zn smear and Sputum cytology in TB diagnosis.**2014**
- 12.Determination of connective tissue fibers associated with breast cancer. **2014**
- 13.Assessment of Cytological Changes in Oral Mucosa Exposed to Toombak in White Nile State (Kosti) **2015**
- 14.Cytomorphological Changes of Bacull mucosa associated with Cigarettes Smoking **2015.**
- 15.Effects of Benzene on respiratory epithelium. **2015**
- 16.Demonstration of collagen fibers using geimsa stain. **2016.**
- 17.Evaluation of Sickle cell anemia effects on buccal mucosa by using conventional cytology Papanicolaou stain (PAP). **2016.**
- 18.Evaluation of Iron Deficiency anemia effects on buccal mucosa by using conventional cytology Papanicolaou stain (PAP). **2017.**
- 19.Diagnosis of Mysetoma using different Histological Techniques. **2017.**

20. Buccal Cytomorphological Changes Associated with Chemotherapy and Radiotherapy **2017**.
21. Evaluation of Air pollution Effects on Respiratory system in White Nile State **2017**.
22. Comparison between 10% Buffered Formalin and Carnoy's Fluid as Routine Fixative in Histotechnology Laboratories **2018**.
23. Cervix cytological changes associated with contraceptive pills **2018**.
24. Comparison between conventional PAP and rapid Pap stain. **2018**.
25. Common causes of vaginal discharge. **2018**.
26. Evaluation of PAP stain after Methylein blue. **2018**.
